

DANCE SCIENCE AND SOMATICS EDUCATORS

Conference Information

August 3-5, 2018

University at Buffalo, Katherine Cornell Theatre

With honored guest presenter, Kitty Daniels

Food

Please let us know if you have special dietary needs, and we will do our best to accommodate.

Friday: The conference will provide a light dinner on Friday evening.

Mornings: There will be coffee/tea and light breakfast items provided Saturday and Sunday mornings.

Sat Lunch: There is a box lunch option on the conference registration page. There are not many food places within walking distance of the conference, so this is a good choice for those without a car or who want an easy option. If you haven't paid for a box lunch and would like one, please contact Rachel Olszewski for the link, rachelol@buffalo.edu

Sat Dinner: There will be a conference dinner at a local restaurant. More information will be available at the conference. This is not included in the conference fee, but the cost will be reasonable.

Lodging

Doubletree Hotel

If you are flying to Buffalo and staying at the Doubletree hotel, there is hotel shuttle transportation to and from the Airport. When you arrive at the airport, call the hotel at 1-716-689-4414. The shuttle runs from 7am-11pm.

The Doubletree Hotel shuttle can also transport you to and from the conference venue.

Dorm

If you are staying at the Greiner Hall dorm you will find information attached about location, check-in and amenities. If you have questions about food services, please contact the campus living office listed on the attached sheet. Food services are usually limited in the summer and on weekends.

Directions and Parking

Attached are several maps. Please note that the KCT is inside in the Ellicott dorm complex with very little signage. We will do our best to have signs up on Friday, but we suggest you print these maps for your reference. GPS isn't always reliable.

Parking is available in the Fargo lot with a parking pass. Please see the second page of the attached dorm information for parking information and directions. There will be parking passes available at the conference registration desk on Friday. If you need to pick up a pass earlier, please contact Rachel Olszewski, rachelol@buffalo.edu
